Screen Accountability™

- ✓ Captures screenshots of device content
- ✓ Analyzes screenshots for explicit imagery and compiles them into a report
- ✓ Reports are sent to a person you choose: a parent, friend, or mentor.
- ✓ Use these reports to have conversations about temptations.
- ✓ Available for Windows and Mac computers, iPhone®, iPad®, iPod touch®, Android™ phones and tablets.

Domain Blocking

- ✓ Blocks all known porn domains and sets the major search engines to SafeSearch
- ✓ When SafeSearch is on, it helps block explicit images, videos, and websites from search results.
- ✓ Available for Windows, Mac, iPhone, iPad, and iPod touch, Android™ phones and tablets.
