

Candid Career

Candid Career currently features a video library of 6,000+ career clips. Candid Career's mission has always been to provide honest career information, and career planning help through video. We do this in order to help people learn as much as they can about their options before choosing a career path. Our video interviews are filmed without narration or actors – just real people speaking from the heart about their career experiences.

Over the years, we have interviewed thousands of professionals and what we have learned is that everyone has a story to tell and valuable insight to share. We are grateful to those industry professionals that have given of their time and expertise to assist in our mission.

In addition to the general video library, Southern Wesleyan will be adding in up to 20 alumni videos so you can hear directly from former SWU students and learn from their experiences!
