CAREER BEAM FEATURES

Each time I show students or alumni Career Beam, I try to keep the process simple. If you want to grow in your career development, there are two important steps. First, you need to know yourself. Second, you need to do some research. Career Beam is the perfect tool to help you do this. Moving from left to right on the main menu you will see Career Exploration, Career Planning, Getting the Job, Research Tools and Account.

The screenshot shows the Southern Wesleyan University Career Services homepage. At the top, there's a navigation bar with 'Home | Messages (328) | Help | Logout' and social media icons. Below that, the university logo and 'CAREER SERVICES' are prominently displayed. A secondary navigation bar lists 'Career Exploration', 'Career Planning', 'Getting The Job', 'Research Tools', and 'Account'. A personalized welcome message says 'Welcome, Ellen Pate Student'. The main content area is organized into several columns. On the left, there's a 'Quick Profile' section with buttons for 'Resume Prep', 'Interview Prep', and 'Get Started'. In the center, there's a 'Find A Job Or Internship' search box with input fields for 'Type A Keyword' and 'Type City, State or ZIP', and a 'Search' button. Below the search box, it says 'Powered by CareerArc Social Recruiting' and shows 'Available on the App Store' and 'Download for Android' icons. To the right of the search box, there's a 'Current Job Postings' section listing several job openings. On the left side of the main content area, there's a 'Where Do I Start?' section with a link to 'Where Do I Start? Exercise' circled in red. Below this, there's a text input field labeled 'Type A Keyword'.

If you are unclear on how to begin, you can easily access the “Where do I start” exercise on the homepage that contains 20 questions to help direct you through the system, or you can simply type a keyword in the box (e.g. resume, interview, etc.) and the system will take you to the appropriate section

Career Exploration Section

This section can help you identify key characteristics about yourself by assessing your values, temperament, personality, interests, skills, and talents. This will help you make fulfilling career choices. You can also analyze your preferences for aspects of your work environment such as Industry, Location, and Company Culture.

Quick Profile

The Quick Profile is a brief interactive assessment in three sections that will analyze your values, interests and personality. Once completed, your quick profile will identify careers that may be a good fit for your personal preferences.

Completing the Quick Profile is a great way to quickly get some insight into your personal preferences, but for a more detailed look into what careers are a good fit, continue with the exercises in the sections below.

Finally, begin to envision your future by developing a long term vision to ensure a satisfying career. Career Beam combines and summarizes all of your assessment and exercise results into your own customized Career Profile Report that can be found in the Career Exploration Section.

Each time you open one of the assessments you'll be given an overview with some content for you to read and a link to the exercises you will need to complete. After you have completed any of the assessments and exercises click the "Career Exploration" tab at the top of the menu and then click the "View Career Profile" button to see all the assessment that have been completed or to review the ones that you have not yet started. Next we move on to the Career Planning Section.

Career Planning Section

The best way to conduct an effective career campaign is to set goals, check your plan for feasibility, and manage your productivity to execute in a desirable timeframe. You can also identify your ideal work environment by evaluating your preferences in Industry, Location, Corporate Culture and Leadership; as well as investigating International and Government settings or pursuing the possibility of becoming an

entrepreneur. Distinguish yourself in the marketplace by learning about how to network and seek positions through the Hidden Market and utilize social media to enhance your search.

Create A Career Plan

In order to successfully manage your career, you've got to focus on those elements of the career campaign process that are in your control. Otherwise, you run the risk of getting frustrated early and often. The best way to conduct an effective career campaign is to set goals, constantly check your career plan for feasibility and reasonable expectations, and manage your productivity so that you execute in a timeframe that is desirable to you.

I would like to make a special note for our Online students or any students coming back to school after multiple years of working or experience. The “Managing your Career” section is a great place for graduate students or online students who are in the process of assessing their current career path and are planning to

make changes. This module allows students to evaluate their current career path and determine what parts of their career history meets their needs or may need to have a strategic change.

Getting the Job Section

This section contains the guts of what is needed to create your marketing materials (Pitch, Resume, Cover Letter, Follow-up materials) for your career search. Each section walks you through a step-by-step process to create effective, accomplishment-based materials with easy to use builders. There are also great resources to help you practice and prepare for successful interviews including sample questions with tips on answering, tip videos and the ability to record and share practice interview responses. Finally, the Job Postings section can connect you with thousands of employers. You can set alerts to notify you when new positions become available that match your specific job criteria.

Research Tools Section

This section include the best company and industry research tools available, allowing you to identify not just companies, but also contacts within each company that meet your specific job search criteria. You can target specific industries and locations and identify the best fit organizations for you. You will also find a wealth of additional research information to ensure a thorough and targeted career search. In the E-Library Section I would also like to point out links for Military Resources as well by searching for the links alphabetically.

The screenshot displays the Southern Wesleyan University Career Services website. At the top, the university logo and 'CAREER SERVICES' are visible. A navigation bar includes links for Home, Messages (339), Help, Logout, and social media icons. Below this, a menu bar contains 'Career Exploration', 'Career Planning', 'Getting The Job', 'Research Tools', and 'Account'. The 'Research Tools' dropdown menu is open, listing 'Company Search', 'People/Alumni Search', 'Business Information Resource', 'Industry Reports', and 'E-Library'. The 'Company Search' section is active, featuring a search form with fields for 'Company Name or Keyword' (containing 'BP, BMW, Orange'), 'Location' (containing 'Los Angeles, CA or London'), 'Radius' (set to '25 miles'), 'Industry' (set to 'Any'), and 'Company Size' (set to 'Any number of employees'). A 'Show advanced settings' link is located at the bottom of the form.

Account Section

The Account menu allows you to do many things including having easy access to all documents; saving and tracking jobs of interest; creating campaigns; saving companies and contacts for campaigns; setting job targets, job twitter channels and alerts for job postings or news.

The screenshot shows the top navigation bar of the Southern Wesleyan University Career Services website. The bar is dark blue with white text. On the left is the Southern Wesleyan University logo. To its right is the text 'CAREER SERVICES'. Further right are links for 'Home', 'Messages (339)', 'Help', and 'Logout', followed by social media icons for LinkedIn, Facebook, Twitter, and Pinterest. Below this is a secondary navigation bar with dropdown menus for 'Career Exploration', 'Career Planning', 'Getting The Job', 'Research Tools', and 'Account'. The 'Account' menu is highlighted with a red circle.

Jobs > Custom Alerts

The screenshot displays two side-by-side panels. The left panel, titled 'Custom Alerts', has a 'Trigger Alerts' tab selected. It contains three input fields: 'Keywords:', 'Location:' (with a placeholder 'Add A City, State'), and 'Trigger Name:' (with a placeholder 'Name Your Trigger'). Below these is a checkbox labeled 'Message me when I have new jobs.' and a blue 'Create Trigger' button. The right panel, titled 'Your Current Job Alerts', lists five alerts. Each alert includes a company name, the number of jobs, and options to 'Edit', 'Delete', or 'Update' the alert. The creation date for each alert is also shown.

Alert Name	Jobs	Created
