GENERAL GUIDELINES

The logos, word marks, and typeface within this document form the visual brand for Warrior Athletics of Southern Wesleyan University. The Warrior brand was developed as a cornerstone for Warrior Athletics, consistently representing “Team SWU” through the four pillars of Warrior athletics:

- Spiritual Development
- Academic Success
- Community Service
- Athletic Excellence

USAGE OF WARRIOR ATHLETIC BRAND

While this is not the primary university brand, the Warrior Athletics brand is allowed to be used by all SWU offices for promotional giveaway items, apparel, visual presentations, and wall graphics within campus offices. For stationary and official documentation (letterhead, envelopes, business cards, forms, etc.), the Warrior brand should only be used by the Office of Athletics and Office of Admissions.

These logos should never be manipulated except by the Office of Marketing. The Office of Athletics and Office of Marketing have the authority to monitor the use of the Warrior brand to ensure its integrity.

Please contact the Office of Marketing for questions about proper usage and to secure proper artwork files.

Note: This is not the primary visual brand (logos, wordmarks, and typeface) of the university. Please refer to the university brand guide for more information.
COLOR PALETTE

Warrior Blue is the official blue of the Athletic Department. This color should be primary over the official University Blue in all Athletic materials and items. All other colors below with the exception of PMS 288 + PMS 2707 may be used as primary colors.

**PMS 286 – WARRIOR BLUE**
C92 M59 Y0 K0

**PMS PROCESS BLACK**
C0 M0 Y0 K100
R0 G0 B0

**WHITE**
C0 M0 Y0 K0
R255 G255 B255
These primary logos are the heart and soul of the visual brand for Warrior Athletics. The primary logos for Warrior athletics consist of the Warrior helmet, the athletics “SWU” nameplate, and the combination of the two. These visual marks communicate the fierceness of our competition and, at the same time, our commitment to one true King (Jesus) for whom we live and serve.

In almost all scenarios, it is best to use one of the primary logos over a secondary logo option. The primary logos are the most versatile in use, and with consistent use, are becoming the most recognized marks for Warrior Athletics.

The primary logos may not be modified in any way. Please give adequate space around each logo when used (at least 1/4” of space). One of the primary logos must appear on all official communications from the Office of Athletics.
The Warrior helmet logo is the central image for Warrior Athletics and stands as a visual representation of our commitment to athletic excellence and, more importantly, to having a servant’s heart even in the midst of competition. These are the only variations of the stand-alone Warrior helmet logo that may be used.
This combination of the Warrior helmet and the “SWU” nameplate is the most versatile and descriptive of the Warrior Athletics brand. Therefore, this logo should be given preference of use over all other marks.
The “SWU” nameplate should be used least of the primary marks, as it does not include the Warrior helmet. This can be used for athletic uniforms or apparel.
The secondary logos provide options within the Warrior Athletics brand for specific applications of the brand or when a primary logo does not work best. Generally, the primary logos should still always be given preference over the secondary logos for usage.

Just as for the primary logos, the secondary logos may not be modified in any way. Please give adequate space around each logo when used (at least 1/4” of space).
This is the full nameplate for Warrior Athletics that includes the full name “Southern Wesleyan University” within the logo. This should be used sparingly in situations where all information needs to be expressed in one logo. This logo cannot be used in situations where a small logo is needed or in embroidery as all text needs to be readable.
The primary use for this variation is athletic jerseys. The stacked versions may be separated with jersey numerals or the Warrior helmet (A1-A5). These also can be arched per approval.

The primary use for this variation is athletic jerseys. This variation can be arched per approval.
Individual teams have individualized logos. Logos A1–A5, B1–B5, and C1–C5 have been combined with the team name set in the Warrior font. Samples are pictured. For consistency and brand integrity purposes, these should not be created but the artwork should be requested from the Office of Marketing.
WARRIORS SEALS

G1-G5 is the seal for the Warrior Club. It should only be used when necessary on Warrior Club items. H1-H5 is a Warrior Athletics seal. Both sets of seals require approval by the Director of Athletics before use.
OFFICIAL TYPEFACES

WARRIOR - TITLES/HEADERS TYPEFACE

Warrior should be the first choice for logos and display typography (titles, headlines, etc.) It should not be used for extended text, or printed at less than 18pt.

Instead of having lowercase letters in the font, the lowercase letters are instead just uppercase letters that have been simplified visually. When typing headlines, you should primarily use uppercase letters. However, if a headline looks too busy visually, or if two letters don’t look quite right beside each other, try replacing some letters with their simplified equivalents (type them as lowercase).

Warrior is a proprietary typeface of the Warriors and should not be used for anything else, even in a modified form.

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmn
opqrstuvwxyz
1234567890 &!?/#%''.,;—

UNIVERS - COMPANION TYPEFACE

Univers should be used for all text typography. Condensed versions can be used in titles or other applications where space / length is an issue. When possible, it should play a secondary role when appearing alongside the Warrior typeface.

ABCDEFGHIJKLMNOPQRSTUVWXYZ
abcdefghijklmnopqrstuvwxyz
1234567890 &!?/#%’”,.;—
NCAA JERSEY NUMBER REQUIREMENTS

NCAA requirements for jersey numbers, broken down by sport.

Soccer (Men’s and Women’s)
